Product Description

Blue Diamond Attachments - Wide Frame Heavy Duty Pallet Fork

The Blue Diamond® Wide Frame Heavy Duty Pallet Forks for skid steers or tractors are great for handling wide loads, with widths up to 72" available and tines up to 72" long. Having no back guard provides maximum visibility and flexibility for working in tight spaces, especially near ceilings. The heavy duty construction of this attachment gives these forks a 6,000 lb load rating.

- Backrest available upon request but may have a longer lead time
