#### Product Description

## Spartan Mowers KGZ-XD-Parker 61" Vanguard EFI - Special Blackout Suspension Seat

#### Advantages & Features

- **HD FUSION WELDED FRAMES:** The frames on RZ-C models and up are constructed from heavy-duty 3" x 1.5" 11-gauge tube steel. Without a doubt, Spartan Mowers are built tough.
- **PARKING BRAKE PEDALS:** Another feature that helps you maintain control is the foot-controlled on and off parking brake, which allows you to keep both hands on the control levers. \*Standard on the RZ, RT, SRT, and KGZ series.
- **12V OUTLET:** Not only a place for your phone, but a way to charge it or to power other 12V items. \*Standard on RZ-C models and up. Storage pocket not included on RZ models.
- **ENHANCED XTF DECK SYSTEM:** Our Xtreme Turf Flow (XTF) decks have been redesigned and enhanced to meet the spring, summer, and fall mowing conditions everywhere. This enhanced deck system is available on all models from the Defender up.
- **VIBRATION CONTROLLED DECK:** Standard on all RZ-C models and up, the vibration controlled deck system with a one-piece idler puller and shock absorber eliminates belt whip and reduces vibration.
- **HILLSIDE / TRACTION:** Spartan Mowers has engineered superior technology that combines perfect balance with superb incline control for a better ride. Take it on an incline and feel the difference. \*Industry standard does not recommend mowing on inclines over 15 degrees.
- **HIGH QUALITY PARTS:** Commercial-grade DNA is a key characteristic of Spartan Mowers, so our models feature the same heavy-duty components across the lineup.
- **DESIGN & STYLE:** Our passion for muscle cars from the late '60s has fueled the design of Spartan Mowers. Mow in style and turn heads with the stealthy profile of a Spartan.
- **LED LIGHT KITS:** Mounted directly to the front of the mower, an LED light bar is great for finishing up at dusk and lighting the way to your trailer or shed. Light bars are standard on Spartan's RZ-HD Blackout, RT-HD, SRT series, KG-XD, and KGZ-XD models. \*Available upgrade on RZ-C, RZ, RZ-Pro, and RZ-HD.
- **ANTI-SLIP MAT:** All models are equipped with a rubber anti-slip foot mat that helps reduce vibration from the transmission to the operator's foot.
- **SPRING SUSPENSION:** SRT models have rear traction enhancing custom Winamac spring suspension for better grip and a smoother ride. This allows the radial tires to follow the contour of the riding surface.
- **REAR RADIAL TIRES:** Both RZ-HD models, the RT-HD, and up feature exclusive radial tires that provide a smoother ride and increased traction. Challenge our ride against others out there and you'll feel it for yourself. \*RZ-C, RZ, and RZ-Pro not included.
- **7-GAUGE STEEL DECKS:** Defender models and up feature heavy-duty decks fabricated from 7-gauge steel. Check out the competition and see the difference for yourself.
- **ADJUSTABLE STEERING ARMS:** Adjustable steering arms add comfort for the best fit while mowing. \*Standard on the RZ-HD Blackout and up. Available upgrade on the RZ-C, RZ, RZ-Pro, & RZ-HD.
- **U.S.A.:** Defender models and up are made with U.S. and global parts at our facility in Batesville, Arkansas. We're proud of our hardworking team and community.
- **EZ DEBRIS REMOVAL:** To help keep your machine cleaner after each use, our belt covers are open in all directions
