

Chain Debris Guard Similar to the debris shields used on commercial roadside mowers, this guard stops material from flying forward

Mows Outside Wheelbase The mowing blade extends outside of the wheels—so you can mow right up next to fences, walls, hedgerows and other obstacles without interference.

The mowing blade extends outside of the wheels—so you can mow right up next to fences, walls, hedgerows and other obstacles without interference.

44" Mulching Deck The 44" mowing deck is enclosed on 3 sides, so cut material is chopped and re-chopped, leaving windrows behind.

Outrigger Tow Bar The 2-piece tow bar allows for offsetting the mowing deck to the left or right...or you can mow right behind your tow vehicle.

Dr Power Field and Brush Mower PRO XL44T

Step up to a big 20 HP V-Twin engine for even more brush busting power! Hitch it to your ATV or lawn tractor and reclaim overgrown property while you ride. Take down 3" saplings and mow the thickest field grass. Clear up to 2 acres per hour!

Product Description

Our Most Powerful 44" Model

The PRO XL44T brings big power to brush mowing with a massive 20 HP Briggs and Stratton V-Twin engine. Brush up to 3 inches in diameter and thick field grass up to six feet high. The reserve power lets you cruise at faster speeds, mowing up to two acres per hour. Remote control operation lets you start and stop the engine from your tow vehicle and engage (or disengage) the cutting blade. A full pressure oil pump ensures excellent lubrication, even on hilly terrain.

- Mows outside wheelbase
- Mulches everything
- Remote Control for blade engagement
- Pivoting blades

Warranty Coverage

- Machine: 2 years residential; 90 days commercial
- Engine: 2 years residential; 1 year commercial

Features

Powerful Engine The legendary power, performance and durability of Briggs & Stratton® engines make them a great choice for our Field and Brush Mowers. They are easy to start, comfortable to use, and feature a debris management system that protects the engine from whatever you kick up while you're cutting.

Floating Deck The deck is suspended from the frame, allowing it to ride up and over high points, minimizing scalping and protecting the drivetrain from damage.

Assembled in the USA Assembled in the USA using foreign and domestic parts. Ships direct from our Wisconsin factory.

No-Tools Height Adjustment Choose your mowing height—from 4" to 7.5"—with two easy-turning hand cranks.

Pivoting Blades Unique swinging blades pivot when hitting an immovable object, to protect the mower's blade, spindle and engine.

Remote Control A remote control allows you to engage and disengage the mower blade—right from the driver's seat of your towing vehicle.
