Product Description

Small Big Green Egg: Compact Kamado Grill for Perfect Outdoor Cooking

The Small Big Green Egg delivers professional-grade kamado cooking in a compact **13-inch diameter** design. This versatile ceramic grill combines precision temperature control with exceptional cooking capabilities, making it perfect for small gatherings or as a secondary cooking station.

Key Features and Specifications

Experience the full range of kamado cooking techniques with this powerful compact grill:

Specification	Measurement
Cooking Area	133 sq in / 856 sq cm
Grid Diameter	13 in / 33 cm
Weight	80 lbs / 36 kg
Temperature Range	200°F to 750°F (93°C to 399°C)

Cooking Capacity and Performance

The **133 square inch cooking surface** accommodates:

- One 12-pound turkey
- Four gourmet burgers
- Multiple chicken pieces
- Personal-sized pizzas

Temperature Control Excellence

Achieve precise temperature control from **200°F for low-and-slow smoking to 750°F for high-heat searing**. The innovative ceramic construction and airflow system maintain consistent temperatures throughout your cooking session.

Versatile Cooking Methods

Master multiple cooking techniques with one compact kamado:

- **Grilling:** Direct high-heat cooking for steaks and burgers
- **Smoking:** Low-temperature cooking for tender, flavorful meats
- **Roasting:** Even heat circulation for perfect roasts
- **Baking:** Pizza stones and bread baking capabilities

Premium Construction and Portability

At **80 pounds**, the Small Big Green Egg balances durability with relative portability. The high-quality ceramic construction retains heat efficiently while the compact size makes it ideal for smaller patios, decks, or camping trips.
