### Product Description

## 2XL Big Green Egg: Premium Ceramic Kamado Grill for Large-Scale Cooking

The 2XL Big Green Egg delivers exceptional outdoor cooking performance with its massive **672 square inch cooking surface**. This premium ceramic kamado grill combines superior heat retention with precise temperature control for professional-grade results.

### Key Specifications

Feature	Specification
Cooking Area	<b>672 sq in (4336 sq cm)</b>
Grid Diameter	<b>29 in (74 cm)</b>
Weight	375 lbs (170 kg)
Temperature Range	<b>200°F to 750°F (93°C to 399°C)</b>

### Cooking Capacity

Perfect for large gatherings and commercial applications:

- **40 hamburgers** simultaneously
- **16 whole chickens** for family feasts
- **20 racks of ribs** for BBQ events

### Premium Kamado Design Features

#### Superior Heat Retention

Thick ceramic walls maintain consistent temperatures while using less fuel than traditional grills.

#### Precision Temperature Control

Advanced airflow system allows precise temperature management from low-and-slow smoking to high-heat searing.

#### Versatile Cooking Methods

Grill, smoke, bake, roast, and sear with one versatile outdoor cooking system.

### Complete Cooking System

The 2XL Big Green Egg works seamlessly with premium accessories:

- **Natural lump charcoal** provides clean, robust flavor
- **convEGGtor** transforms your grill into a precision outdoor oven
- Extensive accessory ecosystem enhances cooking capabilities

Experience professional-grade outdoor cooking with the 2XL Big Green Egg's combination of ceramic technology, temperature precision, and massive cooking capacity.
