Product Description

Arctic Cat Alterra 600 EPS 2027 597cc ATV

If you're ready to tackle tougher terrain, the Alterra 600 was made for you. This full-sized ATV is packed with features to take on more demanding trails and more adventurous rides. The Alterra 600 EPS carries on Arctic Cat's long tradition of building purpose-driven off-road machines with the engineering quality and feature depth that experienced riders expect from the brand.

Whether you are a first-time rider looking for an approachable platform to learn on or a seasoned enthusiast seeking dependable performance on weekend trail runs, the Arctic Cat Alterra 600 EPS delivers a well-rounded experience. Its combination of 597cc displacement, cvt - cvtech trailbloc drivetrain, and rugged chassis construction makes it a standout choice in the recreational ATV segment. With Arctic Cat backing, the Alterra 600 EPS benefits from decades of powersports engineering knowledge and an extensive dealer and support network across North America.

The Alterra 600 EPS is an excellent choice for recreational riders, weekend explorers, and property owners who want a reliable and versatile ATV. Made for riders 16 years of age and older. Arctic Cat recommends that all riders take a training course and read their owner's manual thoroughly. It performs well on established trail systems, forest roads, and open terrain. Whether used for hunting access, property maintenance, or pure recreational riding, the Alterra 600 EPS offers the right combination of capability and everyday usability. It is backed by a 12 Months warranty.

Engine and Drivetrain

The Alterra 600 EPS is powered by a Liquid-Cooled, Single Cylinder, with Electronic Fuel Injection (EFI) fuel delivery. Power is routed through a CVT - CVTech Trailbloc for seamless power delivery across the rev range. The drivetrain setup gives riders the flexibility to tackle technical terrain with confidence, while the gearing remains manageable for everyday trail use.

- Engine displacement: 597cc
- Engine type: Liquid-Cooled, Single Cylinder
- Fuel delivery: Electronic Fuel Injection (EFI)
- Drivetrain: CVT - CVTech Trailbloc
- Fuel capacity: 4.8 gal (18.2 L)
- Starting system: Electric Start

Suspension and Handling

Rider comfort is addressed through a purpose-engineered suspension setup that balances compliance on rough terrain with confident stability at higher speeds. The Arctic Cat Alterra 600 EPS employs an Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel up front and Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel at the rear, providing adequate travel for trail riding. The braking system uses Dual Front Hydraulic Disc, Single Rear Hydraulic Disc to deliver consistent stopping power in wet and dry conditions alike.

- Front suspension: Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel
- Rear suspension: Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel
- Brakes: Dual Front Hydraulic Disc, Single Rear Hydraulic Disc
- Tires: 25 x 8-12 front / 25 x 10-12 rear
- Ground clearance: 11.3 in (28.7 cm)
- Wheelbase: 52 in (132 cm)

Dimensions and Utility

The Alterra 600 EPS is built around a proportioned chassis that fits comfortably in a range of trail conditions. the ATV remains manageable while still offering the structural rigidity riders depend on over repeated use. With a towing capacity of 1,050 lb (476 kg), and 200 lb (90.7 kg) rear rack capacity, the Alterra 600 EPS doubles as a working machine capable of assisting with light property and farm tasks.

- Overall length: 86.1 in (218.7 cm)
- Overall width: 47.8 in (121.4 cm)
