- Towing capacity: 1,050 lb (476 kg)
- Hitch: Standard 2-in Receiver
- Front rack capacity: N/A
- Rear rack capacity: 200 lb (90.7 kg)
- Total rider and cargo capacity: 415 lb (188.2 kg)

Product Description

Arctic Cat Alterra 600 HO Mud Pro 2027 597cc ATV

If you're ready to tackle tougher terrain, the Alterra 600 was made for you. This full-sized ATV is packed with features to help you conquer the trail and more adventurous rides. The Alterra 600 HO Mud Pro carries on Arctic Cat's long tradition of building purpose-driven off-road machines with the engineering quality and feature depth that experienced riders expect from the brand.

Features and Technology

Arctic Cat has equipped the Alterra 600 HO Mud Pro with a range of standard features that improve the riding experience without adding unnecessary complexity. The multifunctional digital gauge keeps the rider informed of key vehicle data at all times. Lighting consists of dual high/low beam halogen headlights with led accents, single led brake light/tail light, providing good visibility for morning or evening rides. A full-length skid plate protects the undercarriage on rocky or uneven terrain. Available in Black Magic, the Alterra 600 HO Mud Pro presents a clean, trail-ready appearance.

Standard accessories include Composite Rear Rack, Fender and Rear Bumper, Front Tow Hooks, Operator Access North America Color Matched Cut and Sewn Seat, Raised Steel Footpegs, 3,500-lb. WARN Winch w/Synthetic Rope.

The Alterra 600 HO Mud Pro is built for riders who regularly encounter mud, water crossings, and soft terrain. Its engine configuration, elevated stance, and reinforced underbody protection make it well-suited to wet, muddy backwoods trails, and off-road environments where conditions are consistently challenging. Riders who spend the majority of their time in deep mud and standing water will find the Alterra 600 HO Mud Pro an honest tool for the task. A 12 Months warranty is included.

- Instrumentation: Digital Gauge
- Lighting: Dual High/Low Beam Halogen Headlights with LED Accents, Single LED Brake Light/Tail Light
- Skid Plate: Full Length
- Available Colors: Black Magic

Engine and Drivetrain

The Alterra 600 HO Mud Pro is powered by a Liquid-Cooled, Single Cylinder, with Electronic Fuel Injection (EFI) fuel delivery. Power is routed through a CVT - CVTech Trailbloc for seamless power delivery across the rev range. The drivetrain setup gives riders the flexibility to tackle technical terrain with confidence, while the gearing remains manageable for everyday trail use.

- Engine displacement: 597cc
- Engine type: Liquid-Cooled, Single Cylinder
- Fuel delivery: Electronic Fuel Injection (EFI)
- Drivetrain: CVT - CVTech Trailbloc
- Fuel capacity: 4.8 gal (18.2 L)
- Starting system: Electric Start

Suspension and Handling

Rider comfort is addressed through a purpose-engineered suspension setup that balances compliance on rough terrain with confident stability at higher speeds. The Arctic Cat Alterra 600 HO Mud Pro employs an Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel up front and Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel at the rear, providing adequate travel for trail riding. The braking system uses Dual Front Hydraulic Disc, Single Rear Hydraulic Disc to deliver consistent stopping power in wet and dry conditions alike.

- Front suspension: Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel
- Rear suspension: Arched Double A-Arm, High Clearance with 8.75 in. (22.2 cm) Travel
- Brakes: Dual Front Hydraulic Disc, Single Rear Hydraulic Disc
