Product Description

Arctic Cat Jag 400 Sno Pro 2027 397cc Snowmobile

Chassis and Dimensions

The Jag is back, bringing its race-inspired heritage to the trail in a way few expect. Compact and approachable, the Jag lineup is built to surprise, delivering sharp handling and confident cornering that punches well above its weight. The Jag 400 Sno Pro offers competitive specification for its class and benefits from Arctic Cat's legacy of snowmobile innovation. Whether you are a seasoned enthusiast or a rider building hours in their home riding area, the Jag 400 Sno Pro brings a proven overall chassis of length, engineering, powertrain capability, and standard equipment to the trails.

- Overall chassis length: 129 in
- Overall chassis width: 46-47 in

Arctic Cat has been producing snowmobiles since 1962 and the Jag series continues that tradition with a machine that reflects current engineering priorities while remaining true to the brand's commitment to rider-focused design. The Sno Pro designation signals a higher level of suspension specification and performance-oriented tuning, placing this model at the top of the trail snowmobile category. The 400cc engine at the core of the Jag 400 Sno Pro powers it through a wide range of conditions with consistency and character.

Features and Standard Equipment

The Arctic Cat Jag 400 Sno Pro comes equipped with a range of standard features selected to enhance the riding experience from the most avid trail riders to those building their first full season on snow to experienced riders seeking a reliable and well-rounded machine for regular use. Its performance and weather-protected trail systems light off-trail terrain, and the varied conditions typical of a full winter riding season. Its combination of proven powertrain, available green, the Jag 400 Sno Pro presents equipment that makes it a standout appearance choice in the trail snowmobile category. The Jag 400 Sno Pro is backed by a 12 Months warranty.

Standard accessories include: Hand & Thumb Warmers, Standard Brake Disc, Standard Steering, Tether Switch.
